A Division of Natural Equivalents

Serving Canadian Health Practitioners with high quality homeopathic remedies and supplies since 1985

For more than 35 years, Homeostasis has been dedicated to serving the health needs of Canadians with homeopathic remedies and integrative medicines.

Our mission has always been to support practitioners with an unwavering attention to quality and customer service delivered by our highly qualified, experienced, and dedicated team members.

Over the years we grown to offer everything a practitioner would need to help meet their patients' goals. This includes a wide selection of Mother Tinctures and Dilutions, Tissue Salts, and practitioner supplies, as well as targeted Combination Remedies that have been developed from our own research.

Our custom formulation program is also unique to the industry in that we can support practitioners with creating tailored remedies based on their formulation design.

We believe our manufacturing and process is second to none and it shows through the trust natural health practitioners from across Canada have given us to help their patients meet their health goals.

Made in Canada

We are one of very few such facilities that manufacture homeopathic remedies in Canada. This in contrast with most products available on store shelves and in practitioner's offices today are imported from Europe and the United States.

Quality First

Our commitment is to produce the highest quality homeopathic remedies. We do this through a rigorously controlled manufacturing program starting high quality original materials to strict protocols for manufacturing managed by our expert team.

Knowledge & Experience

Each Homeostasis formulation has been designed by Dr. Manohar Sood, a homeopathic practitioner who has been trained in classic homeopathic medicine and has been practice in Canada for the last 35 years and continues to do so today. Our highly credentialed team carries forward his belief in creating and offering high quality products.

Contact us today to place an order or request product catalogues.

Online ordering is available through our password-protected practitioner-only website. To view products and/or to create an account to place orders, please email or call us and we will be happy to get you set up.
