

Date: _____

Name: _____

Health Insurance Provider and Policy Number: _____

Dear Insurer,

I am seeking Homeopathic treatment for my health concerns from a Registered Homeopath (Hom) from the College of Homeopaths of Ontario (CHO) and the Ontario Homeopathic Medical Association (OHMA).

I request that my homeopathic treatments be recognized and included in my Health Insurance benefits package or Health Spending Account to receive the help needed for my health care and concerns.

The Government of Ontario has regulated homeopaths since April 1st, 2015, under the Homeopathy Act, 2007, and the Regulated Health Professions Act (RHPA) 1991. Homeopaths are recognized and acknowledged as healthcare professionals in Ontario with the same status as other RHPA Colleges.

Homeopathy is an effective and complementary system of medicine used worldwide. Homeopathy is the second-largest healthcare system recognized by the World Health Organization (WHO).

Homeopathic treatment is cost-effective for employers, insurance companies, and the Canadian (Ontario) Health Care System. Many insurance companies recognize it as a therapeutic benefit in preventative health care and treating health conditions.

I thank you in advance and look forward to hearing from you.

Sincerely,

Signature: _____
